

PUBLIC NOTICE

ISSUED MARCH 2, 2023

Coweta County Water & Sewerage Authority (CCWSA) has reviewed applications and is considering the issuance of an Industrial Pretreatment Discharge Permit, subject to specific pollutant limitations and special conditions, for NYCO America, LLC, located at 87 Almajack Way, Newnan, GA 30263. Pretreatment permits are valid for a maximum of five years. A new application must be submitted 180 days prior to the expiration date of the existing permit, evaluated by CCWSA. This permit is for maintaining the integrity of CCWSA's collection system and for protecting the wastewater treatment plant by limiting the possibility of interference with the plant's operations, preventing any "pass-through" of pollutants through the plant, preventing municipal sludge contamination, and protecting the habitat of the receiving waters from the plant.

Persons wishing to comment upon or object to the proposed permit determinations are invited to submit comments and/or objections in writing to CCWSA no later than 45 days from the date of this notice. Comments or objections must be received by April 15, 2023, at the below listed address.
