Next Board Meeting Wednesday, January 8, 2025 at 9:00AM

Inactive meter policy

For all accounts that are inactive for 36 months (3 years) or longer the applicant will be required to pay meter installation fees prior to starting new service. This will include water meter and water capacity fees, as well as sewer capacity, for those accounts that apply. The new policy will apply even if you are the original owner of the service address, and the account has been inactive for 36 months (3 years) or more.

When you disconnect a service account you will be advised of this new change that will take place effective January 2025.
